NYS Regents Examination Exemptions for June 2020

What this means for Wantagh Students

If you are in a course that culminates in a Regents Examination or FLACS Checkpoint B Examination:

- You will not take the exam in June 2020.
- If you pass the course, you will receive credit as if you had taken and passed the exam.
- A score of “P” will appear on your transcript for this Regents or FLACS B exam.
- The exemption will be equivalent to a score over 65, and therefore may be counted towards a Regents Diploma.
- The exemption from this exam may be used towards:
  - Graduation
  - Honors diploma designation (if all other applicable Regents scores average 90% or above)
  - Advanced Designation for diploma (if all other criteria for this distinction are met)
  - Mastery Designation in Science and/or Mathematics for diploma (if at least two other Regents scores in that discipline are 85% or above)

If you had taken and passed a course that culminates in a Regents Examination or FLACS B Examination, but had failed the examination:

- You will receive credit for having passed the exam if you had intended to take it again in June 2020 or had taken it again in June 2019, August 2019, or January 2020.
- All conditions stated above apply; the exemption may be used for graduation and all other diploma designations.
