Dear Wantagh Parents,

The Wantagh Social Studies Department would like to invite you to a screening of the highly acclaimed documentary “SCREENAGERS”. This film is about the impact of the digital age on children and how parents can help their children find a healthy balance between screen time and other activities.

**Date:** December 17, 2018

**Place:** Wantagh High School Auditorium

**Time:** 7:00pm

- All Wantagh residents and their children (grades 6-12) are welcome.
- Please note that parents of all elementary students are welcome to attend, however this film is not recommended for students below grade six.
- Attendees must register at [www.wantaghschools.org](http://www.wantaghschools.org).

The running time of the film is approximately 68 minutes and there will be discussion group breakout sessions immediately following the presentation.

“*SCREENAGERS*, takes a deeply personal approach to probe into the vulnerable corners of family life, to explore struggles over social media, video games, academics and internet addiction. Through poignant, and unexpectedly funny stories, along with surprising insights from authors, psychologists, and brain scientists, *SCREENAGERS* reveals how tech time impacts kids’ development and offers solutions on how adults can empower kids to best navigate the digital world and find balance.”

We hope you and your child can find the time to be a part of this special event. This film may be a great way to spark a conversation about one of the most important issues of our day that is applicable to adults and children alike.

Hope to see you on December 17<sup>th</sup>.
