Maureen Goldberg
Superintendent of Schools

March 15, 2017

Dear Parents:

Traditionally, it has been a practice in Wantagh to provide time for professional development for our instructional and supportive personnel.

This year, March 24th had been designated as a Superintendent's Conference Day. However, due to the inclement weather that caused our district to close school this winter, this day will become an instructional day for our students. Additionally, school will be in session on May 25 and 26 due to school closures.

If you have any questions regarding the school calendar, please call your child's school office for further information.

Sincerely,

Maureen Goldberg
Superintendent of Schools

Re: Letter to Parents – Staff Development Day

On the elementary level, please copy and distribute the enclosed letter to all students.

On the Middle School and Senior High School level, please disseminate information in the usual manner.

Thank you for your cooperation.
